

# MONTAGUE AREA PUBLIC SCHOOLS

EDUCATION IN THE RIGHT DIRECTION

## Return to Learn Plan

### Option 1 – Face to Face Instruction

#### Virtual Instruction PHASES 1-3

Montague Schools will shift to remote teaching and learning if the State of Michigan determines a return to phases 1-3 is necessary. Teachers in grades 3-12 will use the Google Classroom learning platform. Daily lessons in every 3-12 class will be posted in Google Classroom. K-2 will use a platform called Seesaw. This is a student, parent, and teacher friendly format for younger students. This model will have more robust learning expectations than last spring.

#### Face-to-Face Instruction PHASES 4-5

#### Modified School Day Schedule (Approximate Times)

High School: 7:30am - 1:30pm  
Middle School: 7:40am - 1:40pm  
RRO Elementary: 8:40am - 2:40pm  
MACC: 8:30am - 2:30pm

Montague will provide learning 5 days/week. This will include a shortened day for the purpose of using teaching staff every hour of the school day to provide more social distancing. Masks will be required for K-12 students and all staff. Health checks prior to the school day will take place. Instruction at buildings will work on an A/B model that may allow students in good academic standing to work virtually outside of the district buildings, if desired, when not receiving core content instruction. Students at school who are not receiving core content instruction will be socially distanced in rooms throughout the building working virtually, in small group instruction, or in planned activities.

**\*\*Continued district communication will take place throughout the month of August.\*\***

**\*\*Learning plans are fluid and may change based upon Covid-19 response.\*\***

### Option 2 – Montague Area Public Schools Virtual Academy

#### Virtual Academy PHASES 1-6

Any family may select a fully virtual option for their learner. Certified Montague K-12 teachers will use a virtual learning platform to provide instruction and support learners in a fully on-line setting. Virtual learners will remain virtual for at least one (1) marking period with the option to switch learning models on marking period dates throughout the school year.

If your child plans to enroll in the Montague Virtual Academy, please complete this form by Wednesday, August 5:
