Ultimately, the source selection decision will take into account the Proposer’ capability to meet the requirements of the RFP in a timely manner on a cost effective basis.

The District reserves the right to award the contract to a proposer whose price is not the lowest, but who is sufficiently more advantageous than the lowest priced proposer to justify the price difference. Award will be made to the proposer whose understanding of the work to be performed, experience, quality control techniques, past performance and total cost of ownership, when considered together, are determined to represent the best value to the District.

ARTICLE 12 - DISCUSSION OF PROPOSALS

ARTICLE 13 - TREATMENT OF PROPOSALS

- 13.1 Proposals will not be open to the public nor be disclosed to unauthorized persons prior to award of contract. However, after award of contract, all proposals shall be open to public inspection, subject to any continuing prohibition on the disclosure of confidential data which is designated as such in any proposal.
- 13.2 A contract may be awarded on the proposals as submitted or the Director of Purchasing may elect to negotiate as to technical performance or price, or both, with offerors whose proposals fall in the competitive range as defined in the RFP.

ARTICLE 14 - MODIFICATION OR WITHDRAWAL OF PROPOSAL

- 14.1 All proposals shall be valid for a period of **sixty (60) days** from the opening date to allow for tabulation, study, negotiation, and consideration by the MAPS Board or its designee. The proposer may withdraw a proposal, without prejudice, prior to the published opening date.

- 14.2 Prior to the closing date and time designated for receipt of proposals, proposals submitted early may be modified or withdrawn only by notice to the party receiving proposals at the place and prior to the closing time designated for receipt of proposals.
- 14.3 Any modification shall be so worded as not to reveal the amount of the original proposed sum. To do so will render the modification and original proposal invalid.
- 14.4 Withdrawn proposals may be resubmitted up to the closing time designated for the receipt of proposals provided that they are then fully in conformance with these instructions to offerors.

ARTICLE 15 - INTERPRETATION OR CORRECTION OF RFP'S

- 15.1 Offerors shall promptly notify the Director of Purchasing of any ambiguity, inconsistency or error which they may discover upon examination of the RFP's or of the local conditions.
- 15.2 Any interpretation, correction or change of the RFP will be made by addendum, issued by the Director of Purchasing. Interpretations, corrections or changes in the RFP made in any other manner will not be binding and offerors shall not rely upon such interpretations, corrections and changes.

ARTICLE 16 - ADDENDA

- 16.1 Addenda will be mailed or delivered to all who are known by the Director of Purchasing to have requested and were furnished RFP's.

- (a) Failure of a proposal to conform to the essential requirements of the RFP.
 - (b) Submitting a proposal which does not conform to the specifications contained or referenced in the RFP.

- 18.2 Technicalities or minor irregularities in proposals which may be waived when the Director of Purchasing determines that it will be in the Board's best interest to do so, are mere matters of form not affecting the material substance of proposal or some immaterial deviation from or variation in the precise requirements of the RFP and having none, or a trivial or negligible effect on price, quality, quantity or performance of the services being procured, the correction or waiver of which will not affect the relative standing of, or be otherwise prejudicial to other offerors. The Contracting Officer may either give an offeror an opportunity to cure any deficiency resulting from a technicality or minor irregularity in his proposal, or waive such deficiency where it is advantageous to the Board to do so.

ARTICLE 19 - CONFIDENTIAL DATA

- 19.1 Prospective offerors may designate those portions of the initial proposal which contain trade secrets or other proprietary data which is to remain confidential.
- 19.2 If the contracting officer does not agree with the confidentiality of such data, or any portion thereof, he shall inform the offeror in writing what portions of the proposal will be disclosed and that, unless the offeror protests the determination of the contracting officer in the manner designated in Article IX (Legal and Contractual Remedies) of the Board's Procurement Regulations, or unless the offeror withdraws his proposal as provided in subparagraph 3.10.1 of those regulations, the portions of the proposal so determined to be non-confidential will not be treated as confidential.

- 20.4 The right is reserved to reject any proposal where an investigation and evaluation of the offeror's qualifications would give reasonable doubt that the offeror could perform prompt and efficient completion of the work per the contract.

ARTICLE 39 - BUY AMERICAN

1. The Buy American provision was added to the National School Lunch Act (NSLA) by Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 (Public Law 105-336). Section 12(n) to the NSLA (42 USC 1760(n)), requiring school food authorities (SFAs) to purchase, to the maximum extent practicable, domestic commodity or product.

The following clause language is suggested but not mandatory:

"Domestic Commodity or Product" are defined as an agricultural commodity that is produced in the United States and a food product that is processed in the United States using substantial agricultural commodities that are produced in the United States.

"Substantial" means that over 51 percent of the final processed product consists of agricultural commodities that were grown domestically.

Products from Guam, American Samoa, Virgin Islands, Puerto Rico, and the Northern Mariana Islands are allowed under this provision as territories of the United States.

The Buy American provision (7 CFR Part 210.21(d)) is one of the procurement standards SFAs must comply with when purchasing commercial food products served in the school meals programs.

Buy American: Schools participating in the federal school meal programs are required to purchase domestic commodities and products for school meals to the maximum extent practicable.

Domestic commodity or product

means an agricultural commodity that is produced in the US and a food product that is processed in the US substantially (at least 51 percent) using agricultural commodities that are produced in the US.

Federal regulations require that all foods purchased for Child Nutrition Program be of domestic origin to the maximum extent practicable. While rare, two (2) exceptions may exist when: the product is not produced or manufactured in the US in sufficient reasonable and available quantities of a satisfactory quality, such as bananas and pineapple; and competitive proposals reveal the cost

of a domestic product is significantly higher than a non-domestic product. ALL products that are normally purchased by Distributor as non-domestic and proposed as part of this solicitation must be identified with the country of origin. Distributor shall outline their procedures to notify School when products are purchased as non-domestic. Any substitution of a non-domestic product for a domestic product (which was originally a part of the solicitation), must be approved, in writing 10 days prior of delivery date, by the Food Service Director, prior to the delivery of the product to the School. Any non-domestic product delivered to the School, without the prior written approval of the Food Service Director, will be rejected. Distributor must affirm their willingness to assert their best and reasonable efforts to ensure compliance with this federal rule.

ARTICLE 43 - DELIVERY

Awarded contractor(s) may not add fuel surcharges or other miscellaneous charges to bid prices or invoices. All charges MUST be included in your bid price.
